Any new pack at International Roaming?: Yes, we have just added the new Travel Extreme package for people who want daily data while walking internationally. Start now at ₹4999 only. We've noticed more languages in the app: This happened! Now enjoy the Airtel Thanks app in English, HINDI, TELUGU, TAMIL, PUNJABI, MARATHI, MALAYALAM, GUJARATI, BENGALI – that's a total of 9 regional languages! - Any new offer for music lovers? Are #airtelThanks gold or platinum? If so, you can now access Wynn Music to select and configure your Hellotune. Find this feature among your other #airtelThanks rewards. Enjoy!- Why should I update the app?: Good question! This update is working behind the scenes to make sure you see some exciting new features very soon. - What's new with paid deals?: With the latest update, we've made sure that available payment deals become faster and easier. Now, we automatically apply the offer corresponding to the departure screen!- Card payment that doesn't work!: You may have chosen an expired saved card to make the payment. We removed all expired cards from the payment screen to avoid further confusion. - What's new with paid deals?: With the latest update, we've made sure that available payment deals become faster and easier. Now, we automatically apply the offer corresponding to the departure screen!- Card payment that doesn't work!: You may have chosen an expired saved card to make the payment. We removed all expired cards from the payment screen to avoid further confusion. - How can I track the use of international roaming?: Simple... find our welcome message after arriving at your destination. Tap on it to get all the usage details. Don't worry, we'll be there with you throughout!- I hate UPI's failed payments!: The same here and that's why the latest update helps you avoid payment gateways that are likely to fail right now. - Where are the deals?: New to Airtel Thanks app? See the deals section on the Home screen to claim all available offers and rewards.- I want to change my broadband plan: Check! Now you can see and compare before switching to more appropriate plans.- Why should I top up from here?: See package details to check for exclusive coupons and offers. If we can't, that will convince you!- Can top-ups be faster?: Sure, why not! The new update has small changes made to make it faster. - I want an error-free app: Working on it at 24X7. This update is designed to optimize the performance of our application and give you a perfect experience. - I need relevant offers: You have. Fill out your profile section and you'd start to see more deals and rewards relevant to you. - Why can't I manage my DTH from my app? Great question! With this update, you can switch plans, add new channels and more.- International roaming is difficult to manage: Regular traveler? Find a quick shortcut above your home screen deals to buy or turn roaming on or off. Where's my preferred payment mode?: To fasten top-ups and purchases, we've saved your latest payment mode as your favorite at the top. I want to change my application language: Working on it as we speak. App navigation is now available in Hindi. I hope we will be speaking in your language very soon! Love the ease of banking from anywhere, anytime: And you not only that... Now you can customize your Home screen to get started with Airtel Payments Bank if you want. Thanks later J – Can I get WhatsApp reminders for prepaid top-up?: Totally! As a prepaid user, you now have the option to receive WhatsApp reminders for package expiration so you never miss out on data or network. - I don't like updating the app: Great news – Android users now have the home to let our app update in the background, like a ninja! So there is disturbance while critical top-ups, payments or transfers from UPI are made. o Why should I update again...?: We fixed numerous bugs in the latest update so that you get the best lifestyle experience with us! We hope you enjoy it as much as we enjoy building it for you. Error Correction - Err... a lot of things feel new: We guessed it! Don't worry... this update has everything to train and guide you through the new app!- What happened to my MNP request?: We're working 24X7 to make sure your MNP experience is quick and easy. Easy, you'll see the exact details during the three-step process. Happy change! What's the status of my MNP request?: I'm glad you asked! Is it new to Airtel? You can now track your postpaid connection request directly from the app. Things seem improved: Aahh... so you realized. Here at Airtel we continuously work on bug fixes to make sure nothing bugs! My Airtel is now Airtel Thank you app!- The app looks so NEW: We know... Right? You have all the new main account information, offers and stocks most used.- What's so new in #airtelThanks?: Everything! Join the new exclusive rewards and deals program.- So I want to switch to Airtel: Check! Bring your number in 3 easy steps. We eliminated all blind spots. Promise!- Family is everything: Add up to 9 premium connections! That means there's more room on your bill, just like your heart. Do I have an offer I can't refuse?: - Yes, totally! Now you can view and take advantage of offers directly from the beginning of your top-up.- Happy recharge! Show me everything you have! Check it out! Now you won't have to arrive uncomfortably to toggle between home, payments, entertainment and menu. Find everything at the bottom of the screen. - No data, bro!: We added reminder cards to make sure you never have to say that.
